Where there's fun... there's Lund®

FISH BOATS / RUNABOUTS / DUCKBOATS / CANOES
A Message from G. Howard Lund, President of Lund Boat Co.

Lund's designers and engineers are dedicated to making the safest, sturdiest, and best handling boats possible for your water recreation.

To do this, we are continually improving design, materials, and construction. Testing is the last major step in this development cycle.

Lund's "Guide-Tested" Program
Lund is unique in the boating industry with its exclusive "Guide-Tested" program. Several guides are selected to see various Lund boat models as they would in normal everyday guiding. This includes running through rough waters of huge Northwoods lakes, trailering mile after mile on rough country roads, dragging over difficult portages, and ramming up onto rocky beaches.

Obviously these "Guide-Tested" Lund boats aren't pampered. Once they meet the heavy demands of these guides, you can be sure your Lund will meet your approval.

Lund's guides are critically honest about their equipment; they like their Lund Boats! So will you!

Lund's Monocoque Construction and Rhino-Tough™ Hull
Lund achieved another industry first in making a hull with outstanding sturdiness and durability without increasing weight.

They did this through use of a Monocoque-type structural design. This gives exceptional structural strength with far less weight by making the body and framework of the boat all one unit. Instead of using needless extra weight for structural support, Lund uses heavier aluminum in the hull.

The result: (1) structural rigidity that far surpasses common skin and frame hulls; (2) Rhino-Tough™ hull that is nearly impervious to all types of hull damage through normal use; (3) reduced weight; (4) quieter ride.

This design has more than ever made Lund Boats a favorite of guides, resort owners, and fishermen who demand rugged, safe boats.

TEN YEAR GUARANTEE
Lund, with 19 years of experience in building aluminum boats, offers the finest guarantee you could ask for. This guarantee covers:

WORKMANSHIP: Lund's construction experts have an average of over 5 years of experience in boat-building. We guarantee their workmanship.
MATERIALS: Lund aluminum is purchased from America's leading manufacturers . . . and milled to Lund specifications. We guarantee it with full confidence that you will never have a problem!

Guarantee valid only when purchased through authorized Lund Dealer

FR-16 Fish’n Ski

Looking for a fishboat or a runabout? An open-cockpit utility boat or a closed front deck fun-boat? Unique design of the Fish’n Ski fits all these needs in one deluxe package. Has an open front cockpit and a full boat width windshield (the left side swings open for access to the front). The FR-16 was subjected to unusually severe testing in Lund’s “Guide-Tested” program to prove the new design. Guides not only passed the boat with flying colors, they were wildly enthusiastic about its versatility. Imagine, a smart runabout with the full length roominess of a fishboat! Try it; you’ll love it!

Ducker

C-17 and CO-16 Canoes

Lund’s 17 foot canoe is the perfect choice for casual recreation or for long wilderness trips where light weight, roominess, and handling ease are vital. This is the canoe adopted for use by upper Midwest Boy Scout camps and for canoe trips. The 16 foot square stern is designed for small outboards. A favorite of those who want to reach out-of-the-way wilderness fishing spots quickly. Guide-tested for quality and performance.
K-16 Surfrider

Your family will love this luxuriously appointed, roomy Lund runabout. Semi-V hull is fast, soft riding, and quiet. Great for skiing, swimming, scuba diving, or just a fine day afloat. Lund's seven keel construction gives added lift for fast planing and positive, precise handling. Exclusive Lund Monocoque design, Rhino-Tough hull construction.

SP-15 Meteor

Smart luxury runabout at a popular price. This comfortably appointed fun-boat also has comfy, fold-down sleeper seats and an abundance of storage space for skis, camping equipment, or diving gear. Exclusive Lund Monocoque-type construction, Rhino-Tough hull, and keel plus four keels. The kind of boat your family can’t wait to get into the water.

DR-14 Charger

Quick, lively performer; fun in a real economy package. Luxury appointments, Monocoque-type design, Guide-Tested durability, and five keel construction mark this delightful runabout unmistakably as a Lund. The Charger is perfect as a "starter" boat for teaching mature youngsters boat handling, skiing, and other water sports.

K-16, SP-15 Features: Bow light and stern pole light, wired and fused... Cleats and chocks... Ski tow eyes... Bow eye... Heavy duty wrap around windshield... Padded vinyl upholstery... Durable vinyl floor... Side storage... Non-rusting aluminum trim and castings... Fold-down sleeper type seats... Power steering.

Optional Equipment: Fuel gauge... Speedometer... Horn... Boarding pads... Complete top.

DR-14 Features: Wrap around windshield... Step through padded back rest... three cushioned seats... Cleats and chocks... Tiller steering... Bow eye... Non-rusting aluminum trim and castings.

Optional Equipment: Bow light and stern pole light, wired and fused... Horn... Ski tow eyes... Boarding pads... Fuel gauge... Speedometer.
N-14
Troller/Bass
Boat

New, improved, Guide-Tested design makes this a sure-bet Bass Boat. IDEAL FOR USE WITH THE NEW, SMALL ELECTRIC OUTBOARDS—FOR SLOW TROLLING SPEEDS IN SHALLOW WATER. Exclusive Monocoque-type construction and Rhino-Tough™ hull. Three keel construction gives precise steering, true-track trolling. You’ll spend more time fishing, less time maneuvering. A perfect 14 foot car-top boat.

N-12
Little Fisherman

The light weight of the N-12 fishboat has made it a favorite for car-top carrying and a top choice of campers. Guides have also found it perfect for airplane portaging to those hard-to-reach fishing spots. Ideal for children. Exclusive, Lund Monocoque-type construction, Rhino-Tough™ hull is completely Guide-Tested.
S-14 Big Fisherman

Load your gear, climb aboard and head out; you'll soon see why resorters prefer this Guide-Tested Lund fishboat. The "Big Fisherman" is wide and deep to give the kind of big boat room resort owners everywhere demand for their fishermen. Exclusive Lund Monocoque-type construction, Rhino-Tough™ hull for long wear. Keel plus four keelsons for perfect handling.

C-14 Fisherman

Easy handling. Monocoque-type construction with Rhino-Tough™ hull, and low price make this the perfect boat for the average family fisherman. Lund five keel construction keeps you on a sure, steady track while trolling, pinpoints your course over the "hot" spots. True 14 foot centerline length. Quality built for years of care-free service. Guide-Tested, of course.
S-18 Big Resorter

S-16 Big Lakes

Big boat roominess and capacity, small boat convenience. Ideal for an entire party of fishermen. Exclusive Lund Monocoque-type construction and Rhino-Tough™ hull for long life, even under the most rugged conditions. Five keels for steady, true track trolling and positive control. Certainly, one of the favorites of Northwoods guides.
