LUND 85

The One and Only!
Lund puts more into it. You get more out of it.

Lund takes your fishing very seriously. And the extra care Lund takes to design and build better fishing boats is the reason Lund is the number one choice of real fishing enthusiasts.

It's the pick of the pros, too, and widely used by outdoor writers, professional guides and others who demand top quality and the most features.

For 1985 Lund gives you a wide selection of rugged marine aluminum boats, from lightweight cartoppers to full-feature, open water fishing machines. The choice also includes three exciting fiberglass models designed by Lund strictly for fishing.

Every Lund boat is designed by fishermen for fishermen. They are Guide-Tested to help assure your total satisfaction. And they're built with integrity — the best available materials and extra-care assembly — to give you a boat that's inherently safe, dependable and functional.

All Lund boats are certified by the BIA (Boating Industry Association) to meet or exceed its rigid standards of materials, design and safety, and to comply with horsepower/load capacities.

Yes, Lund puts more into its boats because it wants you to get more enjoyment and more value out of the Lund boat you purchase.

That's how the Lund reputation was built, and it's how Lund intends to stay the choice of serious fishermen.

If you've owned a Lund before, we appreciate your continuing satisfaction and loyalty. We invite you to consider stepping up to some of our more sophisticated models.

And if you haven't owned a Lund before, somewhere in our wide 1985 selection you'll find the perfect Lund boat to get you into the action. You'll discover the pride of ownership that comes from using the very best. The one and only, Lund.
**C Series**

**C-12**
- Length: 12' 1"
- Beam: 55"
- Approx. Weight: 148 lbs.
- Max. Recommended HP: 15
- Color: Exterior: Lund red  □ Interior, beige

**C-14**
- Length: 14'
- Beam: 55"
- Approx. Weight: 196 lbs.
- Max. Recommended HP: 20
- Color: Exterior: Lund red (Shown with optional camouflage paint) □ Interior, beige

*Attention Duck Hunters:* All 16 boats shown on pages 5-11 of this catalog are available with camouflage paint at extra cost.

You Can Count On Your Lund Dealer

We're proud of our select Lund dealer organization.

Each dealer who represents us is a true marine professional who knows how to match boat, motor and trailer to his customer's requirements. He is concerned about the total satisfaction his customers get from the boats they buy and he's committed to continuing service after the sale. That's why he has trained mechanics and all the necessary servicing tools and equipment.

And Lund dealers know the boating waters in their territory, too. Count on them to direct you to the most convenient launching ramps and to help you find out where the best fishing action is happening.

Boating is your Lund dealer's business. But it's also his pleasure. Because the Lund dealer is the person who is in direct contact with our customers, we're very choosy about who represents us.

It takes more to become a Lund dealer and that's exactly why you can expect more from your Lund dealer.

**Important Notes**

**BIA Certification**

Boating Industry Associations Certified means a boat not only meets minimum Coast Guard safety requirements, but exceeds those standards as well. In most cases, it means BIA Certified boats meet the more rigid safety standards established by the American Boat & Yacht Council.

Weight and horsepower capacities, flotation, fuel and electrical systems, ventilation and bilge pumps, steering systems — a BIA Certified boat meets or exceeds tough industry standards in these important areas. That means more reliability and peace of mind for the boater. Not every boat is BIA Certified. But every 1985 Lund boat is certified by the Boating Industry Associations as meeting or exceeding uncompromising marine industry standards. We don't compromise our boats, because you don't want to compromise your boating.

**Lund's Limited Warranty**

Lund warrants each new fiberglass hull for a period of two (2) years and each new aluminum hull for a period of ten (10) years from date of purchase, by the original purchaser based on years of use, under normal recommended operating conditions as described in the warranty folder. A copy of the Lund Limited Warranty is attached to each new Lund boat, or may be obtained from any Lund dealer or from the Lund factory.

**About Photos/Product Changes/Boat Weights**

Some photos of Lund boats in this catalog show factory- and dealer-installed options. Because Lund American is dedicated to constant product improvement, equipment, specifications, available options, color selections and model availability are subject to change without notice. Boat weights are with standard equipment only.

Photographs in this catalog are made under controlled conditions. While every effort is made to depict safe boating situations, these photographs are not intended to serve as examples of correct boating procedures. Also, although boats photographed are equipped with USCG-approved life jackets and other required safety gear, it is often located out of camera view and therefore not visible in many photographs.
