Ask any airplane manufacturer — Nothing, but nothing, holds up to stress like riveting.

LUND™ — THE ALUMINUM AUTHORITY
For over 50 years, Lund has pioneered aluminum fishing boat design when we introduced the Lund Boat Company in 1964. Today, Lund is the most trusted brand in aluminum boats. Lund's aluminum is stronger, easier to work, easier to weld, more efficient, more durable, less trouble, and requires better handling than other materials.

What sets Lund apart from other aluminum boat builders is our ability to get more out of the material. We build the boat for different standards, with aluminum and double-plated surfaces and standard aluminum that aren't very expensive. As a result, we ship more less efficiently, more durable, less trouble, and requires better handling than other materials.

Aluminum is lighter and more durable than other materials.
Aluminum's high-strength-to-weight ratio offers excellent handling and capacity.
Aluminum is also non-corrosive, so it maintains its strength and durability.
Lund continues to lead the industry in the development of aluminum-hull performance.

GOOD ADVICE FOR BOAT BUYERS:

INVESTIGATE THE DIFFERENCES BETWEEN PRE-PAINTED AND WELDED BOATS

Two-plated aluminum is the most robust, reliable finishing method known for high-stress applications. As an example, airplanes favor the most dependable finishing method, and they use trucks where structural integrity is crucial — including helicopters and welded truck bodies. Two-plated aluminum offers an extra layer of protection from abrasion and denting. Two-plated aluminum provides an extra layer of protection from abrasion and denting. Two-plated aluminum provides an extra layer of protection from abrasion and denting.

LEARN A LITTLE ABOUT THE DYNAMICS OF TWO-PLATING

Two-plated aluminum is the most robust, reliable finishing method known for high-stress applications. As an example, airplanes favor the most dependable finishing method, and they use trucks where structural integrity is crucial — including helicopters and welded truck bodies. Two-plated aluminum provides an extra layer of protection from abrasion and denting. Two-plated aluminum provides an extra layer of protection from abrasion and denting.

REALIZE THAT ALL WELTING IS NOT EQUAL.

Quality of welding and construction are critical factors when choosing a boat. Lund double-hulls its boats, and we are confident of our aluminum-hull construction. We have been building quality boats for over 50 years.

MORE GOOD ADVICE FOR BOAT BUYERS:

CONSIDER THE STRENGTH OF YOUR MACHINE TO MATCH THE BOAT

Many machines are designed to weld aluminum boats, but they're not always the same. Lund's welding machines are designed to handle the unique demands of aluminum welding. Lund's welding machines are designed to handle the unique demands of aluminum welding. Lund's welding machines are designed to handle the unique demands of aluminum welding.

CONSIDER THE ULTIMATE DURABILITY OF YOUR BOAT

Lund double-hulls its boats, and we are confident of our aluminum-hull construction. We have been building quality boats for over 50 years.

It's no wonder more pros prefer Lund® boats—they help design them.

"Responsibility and safety are never an issue whenever we test our Lund. If you have high expectations, get a Lund!"

Shelley Todd, Courtesy Ed overhaul, Fishing with Shelley & Courtney

"Picking isn't like a 'go-f-yourself' project when the better your tutor and experience, the better your results. And for me, the most important task at all is my Lund boat."

Patrick Gasquet, Bass Outdoors Champion

"With Lund's big, heavy, sturdy and spacious seating, I can keep three or four clients very comfortable, with plenty of room to fish."

Tom Mattinson, Pro Guide

"There's nothing like a Lund for catching fish. It's a matter of making the boat comfortable, and Lund has it designed to be fishing, which means you can fish well."

Gary Roush, Bass Master

"My 2023 Pro-V gives me the fastest, driest ride ever, and with the Pro-Lund, I've had the best fish in my life. Every time I get on the boat, I have the best fishing machine available."

Gary Roush, Big Walleye

"2018 Lund's biggest, heavy, sturdy and spacious seating, I can keep three or four clients very comfortable, with plenty of room to fish."

Tom Mattinson, Pro Guide

"I don't mind if I'm fishing a 500 area lake or a Great Lake. I don't need to fish that slowly to get the same results I get on a Lund."

Chap Lay, Fishing the Wildside

"Many times, catching fish is a matter of finding them and getting the bait in front of them. Lund has the perfect design for fishing, which allows you to get the bait in front of them."

Scott and Larry Glendening, Lund Sales Marketing

"Airplanes are riveted, too. End of story."

As great as your Lund Tyee looks and runs, what we think makes it even more beautiful is how it's built. 

Howard Lund innovated the aluminum boat, 
and to know what every aluminum manufacturer, skier, 
swimmer, and snowboarder thinks makes 
knowns to be a fact — that it's made superior to woods.

Anyone who says different is to use a phrase, an art. 

1950 Tyee

Magnum

Bluewater and Tyee Magnum models from the pocket to the big water. The high back will prevent water from splashing over the transom and also increases security when leaning over the side. Special all features include details, a bow 

Hold for added security 

built-in rod holders, an 

easy-access Pro-Lock "quick 

release" transom, and 

many more, modernized 

docks for downriggers.

"Learn all the ways to fish 

and you'll always catch 

fish. Should days be 

dragging a 

paddy on the 

bottom. On 

short days, get more 

appreciation with the 

Tyee."

Mike Nolte 
The Great Outdoors

MERCURY
“Anybody ready to toss a few Rapalas?”

This fast and agile Tyee gives you the flexibility to do more with your time on the water. The spacious bow of the Tyee is designed with cushioned luxury and superior Lund construction makes you feel stable and secure even when the waves get big and the going gets rough. So, you’re ready for a moonlight cruise or to fish wide open – your Tyee, with the high-powered IPS 2 hull, does it all in comfort and style.

1850 Tyee Gran Sport

1850 Tyee TRS

Lund’s 1850 TRS models feature both the 1850 with an unobstructed view of the front deck for easy-to-access, wide-open deck space and the 1850 TRS with a bow and full-width transom for improved handling and better performance. The 1850 TRS with a full-width transom provides additional storage and convenience features, including a bow storage area with a tackle and fishing rod holder. The 1850 TRS models also include a center console with a Mercury Verado 350R trim system and a touchscreen touch panel. The 1850 TRS models are available in two color options: black and red. The 1850 TRS models also include a center console with a Mercury Verado 350R trim system and a touchscreen touch panel. The 1850 TRS models are available in two color options: black and red.
Pro-V – the #1 choice of tournament pros.

PRO-V IFS®
All-Weather Dual Console Design
Lund’s unique Integrated Fishing System enhances Pro-V’s handling with all-weather features including a dual Pro-Center console and an optional top wth sun top, all-weather, and heavy-duty bow door.

2005 Pro-V IFS® * 1906 and 1908 Pro-V IFS® also available

PRO-V LE
Innovative Set-Back Console Design
Lund’s unique LE console was specifically engineered to provide more fishing space and also improve weight distribution for optimal performance. LE models feature an all-capsule’s quarters and retractable rod storage.

1906 Pro-V LE captain’s quarters

1900 Pro-V LE * 2025 Pro-V LE also available

PRO-V SE
Classic Console Design
All four Pro-V SE models are available with classic SE consoles for the ultimate combination of easy operation and high performance. SE models include an all-capsule console with wrap-around windshield, and all great Pro-V features.

1800 Pro-V SE * 2025, 1900, and 1775 SE also available

PRO-V TILLER
Traditional Fishing Design
Many pros and guides prefer the Pro-V Tiller’s fast motor response and ability to stay over fish. 1900 and 1775 Pro-V Tiller models are loaded with great Pro-V features, plus an electronically controlled center for efficiency and ease.

1775 Pro-V Tiller * 1800 Pro-V Tiller also available

FOR TOURNAMENT PROS, IT’S PRODUCTIVITY OR BUST
Lund® Pro-Vs are loaded with the biggest and best features in fishing. But behind all that Lund® fishing luxury is a fishing-friendly layout that has evolved throughout our history. Your 2005 Lund® Pro-V is the finest fishing design you can buy, and you’ll appreciate this fact the first time you take it on the water – and for years and years as its efficiency and durability become more and more evident. That’s why so many pros trust their careers with a Pro-V.

For years, Lund Pro-Vs have been the best of choice for most professional walleye tournament winners than any other boat. Along with our dealers, we are also proud to sponsor many other local, regional, and national events across North America, including these:
- Angler/Young Angler Walleye Championship
- Bowdoin Tournament Trail
- Canadian Walleye Championship
- Fort Frances Canadian Bass Championship

Lund’s Legendary Prolong Livewells Keep Bait Live Longer for More Productive Fishing
In other livewells, aeration occurs high in the tank, causing surface spray where fish gather and increase their risk of injury. Lund aeration is at the bottom, which circulates oxygen evenly throughout the well and keeps fish passive. The design also includes a recessed screen that prevents injuries to fish.

Lund’s legendary Prolong livewells keep bait alive longer for more productive fishing.

SIGNATURE EDITION UPGRADES
All 2005 Pro-Vs and 1000 Pro-V models are also available with special Lund Signature Edition upgrades and options. Ask your Lund dealer for details:
- Class II BOSS® AM-FM CD stereo system
- Mercury Smartcraft Gauge
- Optional Mercury Capri’s chair
- Pro-Style cover
- Woodgrain dash inserts, bow panel
- 3-bank battery charger

Tournament

1775 Pro-V Tiller * 1800 Pro-V Tiller also available
"It's like standing on the ground, it's so stable."

There's only one way to know what a boat is really all about, and that's to climb in and move around and feel what's beneath your feet. In the case of a Lund® Pro-V, you'll have heavy-duty longitudinal extruded I-beams, too, to transverse stringers, with double-nicked seams and double-plating from bow to midship. There is no stronger, more stable boat—and you'll agree, because you will feel it.

"Whaddaya mean, 'your boat'?"

Everybody in the family will want to lay claim to your new Pro-V. It has the special kind of comfort and security you all can appreciate, and when it comes to bow-to-stern floatability, no other boat can touch it. And with its high-performance IPS 2 Hull and easy-fishing recessed transom and controls, you know it's going to get real crowded in the driver's seat.
"Having the best warranty says something."

Having the best warranty says something, too.

They say that Lund's boats are the best built boats you can buy. If that's true, we're the last place you'd ever spend a dollar.

But the yardstick by which we measure our products is the way they perform on the water. Where the test is always in the boat - not on paper. If you're looking for a boat that performs, Lund is where the action is.

Lund? Pro-V is the boat you can buy. We guarantee it.

“Of course I need ten rods.”

We know how important it is to be ready for anything. The winds shift, the sky changes. The weeds thicken. The sand turns to muck. The new Mr. Pike lets you react quickly to whatever you encounter, with a high-performance IPS™ hull that runs from a classic Mr. Pike console. And, with its new lockable in-floor rod storage, Mr. Pike lets you pack an arsenal of rigs ready to go for whatever opportunities arise.

"First time I've backtrolled and not gotten wet."

Backtrollers and other serious anglers appreciate how easy fishing can be in a Pro Angler. You'll have quality Lund fishing features bow to aft — including new lockable in-floor rod storage — and you'll have an open layout that's also great for the whole family to spread out and get comfortable. That is the secret to having fun on the water, and no other boat will make you as comfortable as a Lund!

**Pro Angler 16**

- **Lund** Pro Angler adds a great value to lake fishing. It's a unique and truly versatile boat, equipped with all the features anglers want. The boat includes a rod storage system, tackle box, and more to keep your gear organized and easy to access. The Pro Angler 16 is perfect for serious anglers looking for a boat that's both comfortable and efficient.

**Pro Angler 18**

- **Lund** Pro Angler 18 offers a more spacious layout with additional seating options. The boat includes a fold-down rear seat, storage compartments, and a rod holder. The Pro Angler 18 is ideal for families or groups of anglers looking for a boat that's perfect for a full day on the water.

**Pro Angler 17**

- **Lund** Pro Angler 17 is a compact and versatile boat that's perfect for single anglers or couples. The boat includes a transom door, tackle box, and storage compartments. The Pro Angler 17 is perfect for anglers who want to keep their gear organized and easily accessible.
"I'll get the ice house on the next trip."

These Alaskans are the ultimate workhorses, with all the strength, space, and stability you'll ever need to survive in the rough water environments. But don't forget that they're also great boats for fishing and duck hunting, with loads of room to store and other great Lund features that make your outings more productive and more enjoyable.

2000 Alaskan Dual Console

Alaskan dual consoles are as well-designed as they are spacious. The large front console offers easy access to all the controls and the seat area is comfortable and easily accessible. The seat area is as well as designed and built for the exact needs of the operator. The boat is equipped with a powerful outboard motor and a fuel tank that holds up to 100 gallons. The boat also has a robust frame and a high-quality build, making it suitable for rough water conditions.
"Lots of rocks out here – big weld-busters."

Through the years we've added more and more quality Lund® features to Alaskan that make them more comfortable and more fun to use. We've also continuously enhanced and industry-leading construction methods, and today's Lund® boat offers you the pinnacle of aluminum-boat performance.

You can take your Lund® Alaskan places you'll never take other boats.

"You can never have too much boat!"

The 2000 Fisherman has a huge 88" beam and a spacious interior that gives you lots of room to spread out and enjoy the water. It's a great fish and ski boat, with comfort and features from bow to stern. And the faster, slimmer IPS hull stop increases boat control and helps cut big water down to size.

"The wind chased in everybody but us."

One of the great benefits of the Fisherman's 1700 "Full is how it gets the bow up high above the waves, so it's easier to maintain boat control. It makes a huge difference because it allows you to keep fishing in productive waters while other boats have to bail. IPS® will also have your Fisherman running faster, higher, softer, and dryer.
“This boat’s fast – hand me a jacket.”

The Lund Pro Sport screams out of the hole and stays high and dry on plane, thanks to the smooth-running high-performance IPS hull. Fast and versatile, Pro Sport has a smart, spacious floorplan that makes it easy to switch from fishing to skiing – and back. It’s a strong, solid, simple design that has a loyal following of satisfied owners.

1800 Pro Sport

As the Pro Sports line of fishing boats, it does to popularity, IPS hulls. With speed for the Pro Sport performance, and it’s also become a much more comfortable and durable boat. Pro Sport also offers Lund’s most advanced construction qualities, so you can be sure your Lund is the most stable boat on the water.

"I've never seen a gunwale like this."

Explorer's specially designed 4" gunwales give you great features on both sides of the boat. On the outside, the ProTrak runs all around the boat with a trust-under design that holds an optional ProTrak cover for the ultimate weather-right fit. And on the inside, the SportTrak is built to accept accessories that securely hold rod holders, cup holders, cleats, and other accessories. It's more great Lund bloking and more great Lund value.

"Explorers look stronger and more stylish."

We’ve recently redesigned the entire Explorer line, giving them more spacious interiors and better ergonomic extrusions that add overall stability, as well as a more powerful look and more outstanding value. We’ve also upgraded features from bow to stern, including an IPS® Hull, ProTrek, and SportTrak.

MERCURY

1650 Rebel DC

16 Rebel
Year in and year out one of the most popular models in the LUND line, the 16 Rebel has been providing boaters, campers, and more with years of enjoyment. This model is available with a variety of options to suit any boater's needs. The LUND Rebel is more than a tournament-level boat.
An original Lund® IPS™ hull gives this great little fishing boat an enormous advantage over every other boat in its class. By feeding solid water to the prop, IPS™ gets you on plane quickly and keeps you running faster, higher, softer, and drier. It also helps you stay on plane at slower speeds and provides better overall boat control.

**REBEL 1450**

**SPECIFICATIONS**
- **Length:** 14' 3"
- **Beam:** 6' 3"
- **Max. HP:** 115 HP
- **Weight:** 1315 lbs
- **Fuel Capacity:** 14.4 gallons

**Engine Options**
- **Mercury FourStroke 90 HP (145) EPT**

- **Trolling Motor Starboard**
- **Bimini Top**

**Mercury**

**Mercury FourStroke 90 HP (145) EPT**
- **Max. HP:** 90 HP
- **Fuel Consumption:** 21.3 gal/hr

**Mercury FourStroke 115 HP (146) EPT**
- **Max. HP:** 115 HP
- **Fuel Consumption:** 24.8 gal/hr
“See, I told you fishing’s fun.”

These welded bass boats (and Jon boats on the next page) are ideal for rivers and small lakes. Each offers the superior qualities of aluminum, including light, durable, economical performance, plus a modified V-hull and many quality fishing features.

“there’s no limit to go tag—really stay—when fishing for trophy’s in this boat.” Huge fish are looking for easy targets, and an oversized lure may be perfect.”

- MotorGuide
- 170WPE Bass

170WPE Bass Boat
These quality boats offer an excellent balance of ruggedness, durability and classic “tall-boat” open彻底. The hull is great for shallow lakes, with lots of room for easy fishing. Standard features include an aerated livewell, depth sounder, radio, and casting deck for the enhanced fishing. The storage area has a low deck entry.

170WPE Bass

170WPE Bass Specs
- Length: 17’
- Beam: 75”
- Draft: 2”
- Fuel: 25 gal
- Outboard Rating: 60 HP
