LUND
2008

The Ultimate Fishing Experience
60 years of great fishing thanks to the greatest customers in the world.

"Lund owners are the most satisfied boaters on the water. Our customer satisfaction ratings have always been through the roof because we make boating and fishing safer, more comfortable and more productive. Since 1948 we've steadily improved our boats and our customers have played a big role in our evolution from pioneer boatbuilding to the ultimate fishing experience. The people who run our boats have always been serious anglers, and when they share with us their ideas for how to get more out of their boat, we listen. We always have and always will because the result is the best fishing boat you can ever buy. It's the big things, like Prolong Plus livewells and legendary Lund double-riveted construction. But it's also all the little things and everything in between that make Lund boats one of the best investments you'll ever make with your time and money. When comparing boats, please be sure to also compare warranties and resale value. Look at all the reasons to buy a Lund and we believe you won't want to spend your money on anything else.

Andrew Klopot, Lund President

Every Lund boat in this catalog promises more comfort, security, and fishability per dollar than any other boat you can buy.

IPS™ – The ultimate high-performance hull – Pages 5-6

1950 Tyee™ Gran Sport Anniversary Edition
Shown with optional captain’s chair
Add it all up and what do you get? The best investment in boating.

Better Aesthetics
- Unmatched fit and finish, from carpet installation to vinyl wrapping
- Boating’s best hardware, with heavy-duty durability and features like recessed cleats
- Flush-mount hinges located on the inside of livewells and storage compartments
- Fully carpeted and finished compartment doors – you won’t see unsightly surfaces on a Lund
- High-performance, automotive-quality marine painting system for a durable finish, as well as resistance to chipping, peeling, and cracking

Lund – The Aluminum Authority
Howard Lund pioneered aluminum fishing boat design when he founded Lund Boat Company in 1948. Today’s most advanced testing affirms what Howard Lund knew:

- Aluminum is lighter and more durable than other materials
- Aluminum’s high strength-to-weight ratio offers more efficient towing and more capacity
- Aluminum is more economical and it requires less maintenance
- Aluminum is also easier to drive, more fuel efficient, more durable and it offers better handling than other materials

What sets Lund apart from other aluminum boat-builders is our ability to get more out of the material. We build our boats to a different standard, with I-beams and double-riveted seams and sophisticated twin-plating that doesn’t add excessive weight. As you compare boats, please do yourself a favor and make sure you’re comparing boats of the same class with same-class features. Do that, and you’ll know which boat to buy.

Better Engineering
- Brilliant I-beam construction, with longitudinal and transverse beams tied together for the ultimate in strength and rigidity
- Double-riveted seams and single-row riveting for other connections, plus strategic welding for low-stress connections
- Optimal material performance, using marine-grade 5052 H34 aluminum
- Injected foam floatation exceeds Coast Guard requirements and quiets the ride
- The industry’s finest, most durable marine-grade decks and floors – reinforced for extra stability
- Many patented features

Testing shows riveting forms a stronger bond than other connection methods - that’s why airplanes demand it.
One test drive and you’ll know – it’s IPS™ or bust.

Lund’s wider footprint distributes weight to reduce draft and improve overall performance:
- Less drag
- Better fuel efficiency
- Easier handling
- Smoother running
- Faster
- Drier

A boat’s footprint is its width at the waterline and Lund IPS™ hulls feature the industry’s widest footprints to keep you on plane and operating at peak performance levels. Boats with narrow footprints do not support the weight of today’s engines as well as a Lund.

The reverse chine, power stroke, and footprint together deliver unmatched performance.

The Lund IPS™ power stroke delivers non-turbulent water to the propeller to enhance overall performance.

5 IPS™ www.lundboats.com
Faster, higher, smoother, drier — and that’s just a start.

Lund IPS™ has become the most copied hull design in boat building — and for good reason. But, building a genuine IPS™ hull requires costly technology and unique insights into the interplay of aluminum and hull dynamics. A flat spot on the bottom of the hull isn’t IPS™ technology and doesn’t deliver IPS™ advantages. Lund IPS is the perfect integration and optimization of the power strake, the reverse chine, and the footprint. How these three components work together creates incredible IPS™ performance that is greater than the sum of its parts:

- More MPH
- Faster hole shots
- Better planing at slow, slow speeds
- Better overall boat control
- Exceptional stability, especially in turns
- Minimal motor strain for increased efficiency and lower fuel consumption
- Easier handling of big, high-HP motors
- A drier, smoother ride with less spray
- Easier backtrolling — In fact, you’ll be able to position your boat with more precision and present your boat with more accuracy, so you can get on fish and stay on fish

“The ride and performance of my 2025 IPS/LE is second to none. The IPS hull creates a boating experience that is simply amazing. When you combine the IPS2 feature with the set-back console design, it creates the driest, smoothest ride of any boat on the market.”

— Tom Backer

Superior fuel efficiency

The Lund IPS™ hull delivers a solid flow of water directly to the propeller, which allows the prop — and entire motor — to work with less effort. Minimal strain means greater efficiency, which significantly reduces fuel consumption. Because aluminum is lighter and easier to handle than other materials, fuel consumption is reduced further.

IPS™ 2 also features the central power strake, but also has a deeper V and additional strokes to help drive down spray and create a smoother, drier ride with a faster wake.
For sixty years, one boat has outfished all others.

“Everyone knows that Lund makes the World’s best walleye boat, and my Pro-V is ideal for livebait rigging, jigging, casting, or trolling for walleyes.

However, in my business, I must have a versatile, multi-species boat that allows me to fish for largemouth bass, smallmouth bass, muskies, northern pike, and even panfish. My Pro-V has all the design features and boat control to help me do my job—which is catching fish!”

— Al Lindner
FISHING’S HEALTHIEST FISH.
Lund’s pioneering work with livewells has redefined how fish are treated once they’re in the boat. Today, Lund offers the industry’s most advanced systems. These key advancements keep your catch healthier and less prone to stress. When comparing livewells, please note Lund lists true water volume, not the air volume which competitors often use.

PROLONG PLUS LIVEWELLS
Lund’s ProLong Plus livewells are the envy of the industry, with the most technologically advanced system ever to hit the water. Along with all standard ProLong features, ProLong Plus is designed with a freshwater pickup, integrated into the bottom of the hull where it forces a steady flow of freshwater into the livewell while the boat is running. No other system is so perfectly designed to keep fish healthy and calm.

PROLONG LIVEWELLS
Our two-pump design leads the industry, thanks in part to a superior system that keeps water fresher and fish calmer. One pump fills and aerates the well from above the fish, while the other recirculates and injects fresh air, via the Max-Air system, for maximum oxygenation.

AERATED LIVEWELLS
Lund’s high-quality aerated livewell features a single pump with a single-switch control. You also have the option of running the aerator pump continuously, in manual mode, or intermittently, in automatic mode.

LUND – THE ONLY BOAT FOR BACKTROLLING
• The square transom and hard corners and edges on Lund boats slow the boat down and give you better boat control. The design also helps keep water from splashing over the transom.
• IPS™ hulls give you unprecedented control so you’ll be able to position your boat better and present your bait better.

“The first tournament I fished out of my 2010 Pro Guide I won. I’ve been a tiller man my whole life, and with this boat that tradition will continue. It’s one of the finest boats I’ve ever fished out of. It gives me the control I need to catch fish”
— Ron Seelhoff

YOUR CHOICE – TILLER VS CONSOLE
Tiller models offer faster boat and motor response
• Instant steering change and one-hand operation
• More floorspace
• More affordable
• Very popular with fishing guides and tournament anglers
• Ideal for backtrolling, hovering over fish
• Power tiller steering (optional on some models)

Console models have more power and are easiest to run
• Higher HP for optimal speed
• Drives like a car
• Less arm and body fatigue, especially in high winds
• Most popular because of ease of use
• Ideal for families, anglers, and all watersport activities
Some partnerships are just meant to be.

Lund and the brands that have come together to form Pure Fishing share a common history of passion and innovation. We also share a common goal – we’re dedicated to helping you catch more fish and have more fun doing it.

As the pioneers and current leaders in our respective fields, we have the resources and desire to outfit you with the best fishing equipment available. That’s why we’ve come together to form one of the industry’s most dynamic partnerships, all aimed to improve your fishing productivity.

See your Lund dealer for details on what programs and offers are currently available and visit lundboats.com.
Serious anglers – here’s your ultimate tacklebox.

1. Huge aft Prolong Plus livewells
2. ProCapacity in-floor rod storage
3. Recessed ringdeck and controls
4. High-pressure washdown system (optional on 2025, 1900)
5. ProPlus fuel reserve system
6. Insulated drop-in tackle storage
7. Retractable rod straps (LE)
8. Optional Mercury SmartCraft gauges
9. In-floor battery storage
10. SportTrack™ accessories system
11. Bow Prolong livewell, baitwell
12. High-vls battery condition indicator
13. Aft casting platform, top storage (optional 1900, 2025)
14. Auto-style ProControl console
15. Electronics command center (1800 tfl)
16. Vinyl floor with optional snap-in carpet
17. Air Ride seat pedestals
18. ProRide Suspension Seats

Special Edition Lund Pro-Vs

VERADO EDITION

Lund/Verado™ models also feature a special graphics package and upholstered seats and side panels.

Boats may show factory and/or dealer installed options. Please see dealer for details.
**Exclusive Big Water Fishability**

Everything about it was built for big-water security and productivity. The high back wall prevents water from splashing over the transom and increases security when working downriggers and landing fish. Other features include bolsters, toe holds, built-in rod holders, ProLong livewell/bait station, reinforced decks for downriggers, and hydraulic steering.

**High-End Sport & Fish Performance**

Big-time performance perfectly engineered for big water. Smooth, fast, and easy-to-handle, the classic Gran Sport design is built with unparalleled Lund double-riveted beam construction, plus comfort and amenities from bow to stern. Special features include an aft ProDeck with flip-up seating that doubles as a casting platform.
Priceless experiences - how’s that for added value?

Exclusive Lund
Sport & Fish Features.
1. Auto-style ProControl console with full instrumentation and Sony AM/FM/CD/stereo
2. ProCapacity in-floor rod storage
3. Bow and aft ProLong livewells (2150 & 1950)
4. Port lockable storage
5. ProPlus fuel reserve system
6. Easy-access battery storage
7. Hydraulic tilt steering (2150 & 1950)
8. SportTrak™ accessories system (Gran Sport Only)
9. ProRide Suspension Seats
10. Swivel-Eze seat pedestals and bases

Experience-enhancing options.
11. Vinyl floor with optional snap-in carpeting
12. Captain’s chair
13. Sony AM/FM/CD/stereo system upgrade (satellite capable)
14. Swim and boarding platforms
15. ProTrak™ cover
16. Complete top set, also available in Sun Top only
17. Bow cushions and bow bolsters

Boats may show factory and/or dealer-installed options. Please see dealer for details.
BIG WATER ISN’T NATURALLY COMFORTABLE OR EASY TO FISH. BUT BIG LUND ENGINEERING CHANGES ALL THAT.
"THE ONLY THING I WANT TO PULL IN OVER THE SIDE OF MY LUND IS BIG FISH — NOT BIG WAVES."

"I love fishing big water. Whether it's Lake of the Woods, one of the Great Lakes or the Pacific Ocean, I equate big water with big fish. But you never know what it's going to throw at you. That's why I rely on my Lund to tame big water conditions."

- Gord Pyzer

2150 Baron™ Gran Sport
The ultimate combination of IPS™ 2 performance and enduring Lund engineering and construction.

2150 Baron™ Magnum & Gran Sport
Hull: IPS™ 2 (Integrated Power Strake™ 2)
IPS™ 2 Chine: 87.5°
Length: 21'10" • Beam: 100" • Transom: 25"
Fuel: 78-gallon built-in tank • ProPlus reserve
Bilge: Two high-capacity pumps. One automatic • One manual
Lighting: Interior, livewells, and navigational
Power: 12/24/36V bow trolling motor plug-in • 12V in-dash plug-in • Easy-access battery storage
Outboard Rating: 275 HP
1950 TYEE

1950 Tyee™ Gran Sport
It's smooth, high-performance Sport & Fish excellence that's comfortable for the whole family.

IT'S IRONIC, BUT THE SAME RARE BOAT-BUILDING EXPERTISE THAT MAKES TYEES SO TOUGH ALSO MAKES THEM SO COMFORTABLE.
“LUND IS MY BOAT WHEREVER I FISH.”

“I am the luckiest guy in the world to be making a living in the fishing business. I’ve been running Lund boats for over 27 years, and whether I’m fishing in my home area around the great lakes or on a remote fly-in, Lund’s dependability and fishability have never let me down.”

- Bob Izumi

1950 Tyee™ Magnum
This is the boat built for big productivity in big water, with a spacious aft and unique features.

1950 Tyee™ Magnum & Gran Sport
HULL: IPS® 2 (Integrated Power Stroke® 2)
IPS® 2 CHINE: 86.5°
LENGTH: 19’8” • BEAM: 98” • TRANSOM: 25”
FUEL: 50-gallon built-in tank • ProPlus reserve
BILGE: Two high-capacity pumps. One automatic • One manual
LIGHTING: Interior, livewells, and navigational
POWER: 12/24V bow trolling motor plug-in • 12V in-dash plug-in • Easy-access battery storage
OUTBOARD RATING: 225 HP

shown with optional 60th Anniversary Graphics Package.
• Custom graphics
• Custom livewell and minnow nets
• Judge ruler
MILES AWAY ON A BEAUTIFUL DAY IS WORRY-FREE IN A LUND.

1850 TYEE™ GRAN SPORT

**HULL:** IPS™ 2 (Integrated Power Stroke™ 2) • IPS™ 2 CHINE: 82.5”
**LENGTH:** 18’6” • **BEAM:** 96” • **TRANSOM:** 25”
**FUEL:** 40-gallon built-in tank • ProPlus reserve
**BILGE:** One manual
**LIGHTING:** Interior, livewells, and navigational
**POWER:** 17/24V bow trolling motor plug-in • 12V in-dash plug-in
- Easy access battery storage
**OUTBOARD RATING:** 175 HP

A big, roomy floorplan and stronger, more stable design gives the Gran Sport an enormous edge in bigwater fishability.

1850 TYEE™ GRAN SPORT

Equally adept at chasing salmon, running a slalom course, or cruising at sunset.

Auto-styled Pre-Control console

Optional easy-clean vinyl flooring with snap-in carpeting
1750 TYEE™ GRAN SPORT

TEN MILES OFFSHORE IN A NOR’EASTER? LUND TIME.

1750 TYEE™ GRAN SPORT
HULL: IPS™ 2 (Integrated Power Stroke™ 2) • IPS™ 2 CHINE: 82.25"
LENGTH: 17'6" • BEAM: 93" • TRANSMISSION: 25"
FUEL: 27-gallon built-in tank • ProPlus reserve
BILGE: One manual
LIGHTING: Interior, livewells, and navigational
POWER: 12/24V bow trolling motor plug-in • 12V in-dash plug-in

### STANDARD EQUIPMENT
- Alt port storage (GS)
- Alt Portak storage with fold-down seating (GS)
- Aluminum bow and corner castings
- No feedback tilt steering (1850, 1750)
- Automotive-style fuse panel and wiring harness
- Battery holders
- Bilge pump (2150/1950: one auto, one manual; 1850/1750: one manual)
- Bow and stern eyes
- Bow cargo nets (2150, 1950)
- Bow ProDeck
- Built-in fuel tank
- Built-in tackle compartment (2150, 1950)
- Console storage
- Deck mounting pad
- Deep, self-draining splash pan
- Double-riveted seams
- Drink holders
- Dual livewells with lighting (alt livewell with integrated easy-access bailwell)
- Easy-access service portals
- Easy-access battery storage
- Electronics package (depth finder, trolling motor, see dealer for details)
- Exposed cockpit with deep cockpit and reinforced gunwales, ideal for dawnrigger (Majestic)
- Factory-ripe Mercury outboard motor
- Fire extinguisher
- Flushmount horn
- Heavy-duty transom
- Hydraulic tilt steering (2150, 1950)
- Interchangeable outboard/tilt cartridges
- Interior and navigational lighting
- IPS"*2 - Integrated Power Stroke* hull
- Lighted instrumentation
- Lockable storage
- Longitudinal l-beams
- Marine-grade 5052/1/4 aluminum
- Marine-grade carpeted flooring (see options)
- Molded interior surfaces and side panels (GS)
- Oven-cured finish
- Pedestal bow and aft bolsters (Majestic)
- Pedestal steering wheel
- Padded foam flotation
- Pro-Plus reserve fuel system
- ProRide Suspension Seats (All Boats)
- ProTrak for optional cover
- Recessed stainless-steel cleats (2150, 1950)
- Rod holders - Integrated (Majestic)
- Shoreland'r trailer
- Sony AM/FM CD stereo
- SportTrak for optional accessories, plus two SportTrak accessory brackets (GS)
- Stainless steel bow rails
- Step pads
- Swivel-Eze seat pedestals and bases
- Toe holds
- Twin-plating bow to midship
- Washdown system with high pressure pump (Majestic)
- Wide beam for a smoother, more stable ride
- Windshield
- Under-console cargo nets (1850, 1750)
- 12/24V bow plug-in (2150)
- 12/24V bow plug-in (1950, 1850, 1750)
- 12V in-dash plug-in

### COLOR OPTIONS
- MAJESTIC RED
- COBALT BLUE
- ARCTIC WHITE
- BLACK

### DECK & INTERIOR
- SANDSTONE DECK/BOTTOM
- MATCHING CARPET
- MATCHING SEATS
- PLATINUM DECK/BOTTOM
- MATCHING SEATS

### 60th ANNIVERSARY TRIM PACKAGE (optional)

THE LEGENDARY LUND PRO-V
THE CHOICE OF TOURNAMENT PROS

PRO-V IFS®/LE
IFS® – Integrated Fishing System®

PRO-V IFS®/SE
IFS® – Integrated Fishing System®

PRO-V LE

PRO-V SE

PRO-V TILLER

All-Weather Dual Set-Back Console Design
Lund’s great combination of innovative IFS® all-weather fishability and protection and the sleek, spacious, all-around performance of Lund’s unique LE design.

All-Weather Dual Console Design
It’s the original IFS® design, with a big wraparound walkthrough windshield and optional complete top set, including side and aft curtains and custom bow cover.

Set-Back Console Design
The LE gives you more fishing space from bow to midship without sacrificing space in the aft. You’ll love the streamlined ride and big, convenient aft captain’s quarters.

Midship Console Design
High-end performance comes easy in a Pro-V SE. The ProControl console and recessed ringdeck make it easier to fish, and it’s loaded with Pro-V features.

Traditional Fishing Design
A popular choice of tournament pros and guides who want the Pro-V tiller’s fast motor response, exceptional boat control and its unique ability to stay on fish.

**OUTBOARD RATING: 275 HP**
THE MOST HARDCORE ANGLERS IN THE WORLD LOVE HOW EASY AND COMFORTABLE CHAMPIONSHIP FISHING CAN BE IN A LUND PRO-V.
Bass Deck
The versatile new Lund bass deck is available as an option on 1900 and 2025 Pro-V’s.

“A GREAT NEW LUND OPTION.”

“The Pro-V was designed as a hardcore tournament grade walleye/multispecies boat. With the bass deck option it allows you to have an extremely versatile tournament boat whether it is chasing bass during the day or fishing muskie at night. You can fish a bass tournament one weekend and a muskie tournament the next. The bass deck allows you to flip, pitch, skip, and sightfish in a boat made to handle it all.”

- Jerry Millar & Scott Cook

This sleek, high-powered rocket is also an exceptionally roomy fishing machine.
YOU WORK HARD YOUR WHOLE LIFE AND WHAT DO YOU GET? IF YOU WANT TO CATCH MORE FISH FROM HERE ON, YOU GET A PRO-V.
Team Lund

More than fifty years of success has made Lund synonymous with Championship fishing. Look for us on the leaderboard throughout the 2008 season and beyond. Check www.lundboats.com for Team Lund updates.

Note: Custom pro staff graphics not available for retail purchase.

“TAKE IT FROM ME, THERE ISN’T A BETTER BOAT ON THE WATER.”

“Lund Boats are the best aluminum boats on the market, because they’re made by the best people; people who fish! The folks in New York Mills, MN are fishermen and fisherwomen. They know what it takes to make the safest and best boats in the industry. They’ve been doing it for sixty years and that kind of experience matters. Just ask me.”

- Gary Roach

1800 Pro-V IPS®/SE

The spacious, all-weather design fishes bigger than its size and comes in handy when things get rough.

### Standard Equipment
- Aft captain's quarters (IFS*LE, LE)
- Aft casting platform (40)
- Aft Pro-long Plus livewell - 31 gallon/55.5 gal aft (2025 and 1900) or 26 gallon/68 gal (1800)
- AirRide pedestals
- Aluminum bow and corner castings
- Auto-style fuse panel and wiring harness
- Bow and stern eyes
- Bow cargo nets
- Bow casting platform
- Bow drop-in tackle storage/insulated cooler
- Bow panel with trim switch
- Bow Prolong livewell - 12 gallon/25 gal bow (all models)
- Bow storage
- Built-in fuel tank
- Deck mounting pad
- Deep, full-width, self-draining splash pan
- Double-ivelved seats
- Drink holders
- Dual baitwells
- Dual high-capacity bilge pumps (one auto)
- Easy-access service portals
- Electronics command center (1800 Tiller)
- Electronics package (depth finder, trolling motor, see dealer for details)
- Factory-installed Mercury outboard motor
- Fire extinguisher
- Flashmount horn
- Heavy-duty transom
- High-visibility battery condition gauge
- Hydraulic tilt steering (2025, 1900)
- Increased storage capacity
- Integrated seat hinges
- Interchangeable accessory/bagage cardboards
- Interior, livewell, and navigational lighting
- IPS* "I" Integrated Power Storge* hull
- Larger access door on giant aft livewells (2025 and 1900)
- Lockable storage
- Longitudinal I-beams
- Marine-grade 5052 H34 aluminum
- No-feedback tilt steering (1800 SE & IFS)
- Oven-cured finish
- Padded vinyl-wraped interior surfaces
- Recessed ringdeck and controls (IFS*LE, IFS*SE, LE, SE)
- Recessed stainless steel cleats (4)
- Retractable rod storage for transit (IFS*LE, LE, SE)
- Setback LE console (IFS*LE, LE, SE)
- Shoreland'r trailer
- Sony AM/FM stereo

### Optional Equipment
- Aft casting platform extension with storage (2025, 1900)

1675 PRO GUIDE
The extra Lund width and famous, inner-constructed boats give these boats a bigger feel with extra fishability.

NEW

NEW
EVERYBODY IS ALL SMILES THE FIRST TIME THEY RUN THEIR BOAT, BUT THE FAMILY THAT keeps ON SMILING IS RUNNING A LUND.
“MORE FUN FOR EVERYONE”

“One thing I notice with the amateurs is how much they love fishing in a Lund. The roominess, stability and layout really appeal to them, and so I tell them, ‘I know, these are the best fishing boats in the world’.

— Perry Good

**1825 Explorer SS**

Sure to be very popular because it offers so many Lund advantages for families and hardcore anglers alike.

EXPLORER

NEW

1675 Explorer SS
Stand in a competitive model and then stand in this Explorer. You'll think you just got on land.

WHEN COMPARING BOATS, BE SURE TO WEIGHT THE DIFFERENCE BETWEEN LEGENDARY LUND RELIABILITY AND CROSSING YOUR FINGERS.

www.lundboats.com
“WANT VERSATILITY? BUY A LUND.”

“Over the course of a season I’ll be fishing small lakes for crappies one day, fishing for walleyes in a moderate sized lake the next, and fishing a big money tournament on a huge lake over the weekend. There’s simply no other boat company that builds a boat as versatile as Lund.”

—Mark Martin

1725 Explorer Sport

It's hard to compare Explorers to other boats because it gives you all that Lund quality and comfort.

1725 Explorer Sport and SS • 1675 Explorer Sport & SS

Extensive bow storage
Optional ProTrak™ cover

1425 Classic SS
The larger Lund beam and wider floor plan help this boat fish and handle bigger than its size.
ON THE WATER, YOU'RE BETTER OFF IN A LUND.

1625 CLASSIC SPORT, SS & TILLER
HULL: IPS (Integrated Power Stroke)
IPS CHINE: 66.5°
LENGTH: 16.0' • BEAM: 76” • TRANSOM: 20”
FUEL: Fuel tank storage
BILGE: One manual
LIGHTING: Navigational
POWER: 12V trolling motor plug-in • Easy-access battery storage
OUTBOARD RATING: 50 HP (Sport) • 40 HP (SS, Tiller)

Fish awhile, cruise a little, do whatever – With a Classic, you get more for your money.

1625 Classic SS
You can feel the Lund difference. Solid, stable, and engineered for both comfort and fishability.

www.lundboats.com
1775 Classic Sport
It's the genuine Lund you've always wanted at the price you've been waiting for.

Instead of buying just an entry-level boat, compare and see how much more you get when you invest in a Lund Classic.
“ABSOLUTELY ONE OF THE BEST BUYS WE EVER MADE.”

“Not only do my brother Marty and I depend on Lund Boats for our business and professional fishing careers, we depend on them for our families’ fishing and boating needs also. The 1775 Classic that we own provides everything we could ever need in terms of safety and fishing ability.”

- Scott Glorvigen

1775 CLASSIC SPORT, SS & TILLER

HULL: IPS™ (Integrated Power Stroke™)
IPS™ CHINE: 77.5"

BILGE: One manual
LIGHTING: Interior, livewell, and navigational
POWER: 12V trolling motor plug-in • Easy-access battery storage
OUTBOARD RATING: 90 HP (Sport, SS) • 75 HP (Tiller)

1775 Classic SS

This Classic console model is a great fishing machine and a special place to spend time with your family.
1660 Classic Tiller
Big-time tiller fishing demands a big-time boat — and you can be sure this Classic is all Lund.

INCH FOR INCH AND DOLLAR FOR DOLLAR, NO OTHER BOAT IN ITS CLASS CAN OFFER A FAMILY SO MUCH BOAT FOR SO LITTLE.
“NURTURING A NEW GENERATION OF FISHERMEN”

Committed to introducing children to the excitement of competitive fishing, Angler & Young Angler Fishing Tournaments Inc. provides a fun and friendly family atmosphere in tournaments across North America. Please check your local TV listings for coverage and visit www.lundboats.com for more information.

1660 Classic SS
The high-performance IPS™ hull gives the Classic a ride that's faster, higher, softer, and drier.

1660 CLASSIC SPORT, SS & TILLER

- Sun top only
- Till steering (1775)
- On-bait battery charger
- Additional 12V trolling motor plug-in
2000 ALASKAN

As big and rugged as its name, the Lund Alaskan hunts, fishes, and hauls like nothing else on the water.

BLUEBILLS IN THE MORNING, BIG WALLEYE IN THE AFTERNOON, AND HAULING A LOAD BEFORE YOU HUNT PIKE TILL DUSK. LIFE IN AN ALASKAN.
“IT SURE LIVES UP TO ITS NAME.”

“Fishing is a do-it-yourself project. Using the right tool gets the best result. That’s why my boat is a Lund. It’s the only choice for serious fishermen. When the going gets tough, the tough get a Lund.”

– Patrick Campeau, Lund Pro Staffer and Tournament Champion

“La pêche, c’est comme le bricolage. Lorsque vous utilisez les bons outils, vous obtenez habituellement les résultats escomptés. C’est pour cette raison que j’utilise un bateau Lund. Les embarcations Lund sont les meilleurs outils pour les pêcheurs.”

– Patrick Campeau, ambassadeur Lund et champion de pêche à trois reprises

OUTBOARD RATING: 15 HP (14) • 10 HP (12)

A 14
Heavy duty bow castings

A 12
Exceptionally light and super tough, the Lund A delivers big reliability in a smaller boat. Built Lund tough, it delivers the ultimate in portable dependability. And not only is it easy to manage on shore, it’s also extremely stable on the water, making it one great little boat.

A 14
Water treats all boats equally, which is why every Lund is built to last.
1750 Outfitter Tiller
Big, stable, and spacious, the Outfitter sets the standard for camp-boat reliability.

WHERE THE PAVEMENT GIVES WAY TO GRAVEL AND OTHER BOATS FEAR TO GO, LOOK AROUND AND SEE WHAT THE LOCALS ARE RUNNING.
“I’VE PUT MY LUND TO THE TEST.”

“Being on the water over 150 days a year has given me the opportunity to test my Lund Boat against all of the elements that I face as a professional guide. Safety, fishability, drifting, superb performance, are only a few of the reasons that I have selected a Lund for my business. For over 25 years, it’s the only boat I fish in, and it will always be the only boat I own. I trust Lund to build me the finest boat in the industry.”

- Tom Neustrom

1750 OUTFITTER SS & TILLER

**SportTrak™ accessories system (patent pending)**

Now you can attach a variety of accessories to your Lund without drilling holes in your boat! Heavy-duty SportTrak™ brackets mount securely along patented SportTrak™ gunwales so you can position accessories just about anywhere. Available on Baron®, Tyee® GS, Pro-V, Pro Angler, Pro Guide, Alaskan, Sport Angler, Pro Sport, Explorer, and Classic models.

1. SportTrak™ bracket (2 standard with select models)
2. Rod holder
3. Multi-function tool kit
4. Cup holder
5. New Downrigger bracket mount* (now available on select models)
6. Rod bracket*

*These accessories mount to SportTrak™ (inside gunwale) and ProTrak™ (outside gunwale), see right.

---

**Patented ProTrak™ boat cover system**

It's boating's ultimate weather-tight fit. The unique ProTrak™ gunwale features a specially engineered channel that is tucked up and under the exterior gunwale to keep rain and weather out while it allows air to circulate. ProTrak™ covers attach to adjustable snaps that you can move along the channel to ensure a custom fit. Not available on SSV, WC and A models.

7. Adjustable snaps for a custom fit
8. Hidden channel for a weather-tight fit
9. Heavy-duty cover

---

**Top sets**

High-quality materials, easy-to-use designs and attention to detail distinguish Lund top sets. Full canvas enclosure should only be used when boat is anchored or at rest.

10. Complete top set with side and slant curtains (optional on Baron®, Tyee® Pro-V iS/LE and iFS/SE, 2000 Alaskan Dual Console, Sport Angler, Pro Sport, Explorer Sport, Fisherman and Classic Sport)
11. Complete top set configured as a Cruiser Top (shown on 1950 Tyee® Gran Sport)
12. Complete top set configured as a Sun Top with Bow Cover (shown on 1950 Tyee® Gran Sport)

HIGHER STANDARDS
Every Lund boat is built to meet or exceed rigorous NMMA certification standards and Coast Guard regulations. But first, every Lund must pass the toughest test of all — our own standards for quality and craftsmanship.

RESALE VALUE
When you buy a Lund boat, you become part of the Lund family and part of our tradition of excellence. When it comes time to sell your Lund boat, your investment in Lund quality will be rewarded.

LUND DEALERS
Because we build the best boats on the water, we can afford to be selective with who sells them. When you see the Lund sign hanging in the window, you know the dealer inside meets Lund's strict standards for customer satisfaction. Stop by any of our dealers and you'll see why they've earned the right to carry the Lund line.

LUND PROFESSIONALS
Without the dedicated efforts of the people at Lund who build our boats and the professional anglers who help design them, the Lund tradition of excellence would not be possible. Thank you.

NOTE:
Some photos of Lund boats in this catalog show factory and/or dealer installed options. Photographs are taken under controlled conditions. Colors are subject to printing limitations and are approximations only.

Because Lund is dedicated to constant product improvements, the specifications, options, color selections, and model availabilities of our boats are subject to change without notification.

ProTrak™ Cover System is patented (Patent # 6,886,489)
Boat With Enhanced Access To Engine And Stern (Patent # 6,935,266)
Boat with Recessed Shifter (Patent # 6,971,328)
Cover Fastening System for a Boat (Patent # 6,886,489)
Accessory Mounting System for a boat is patent pending
